

Connect with our network to address **utility affordability**.

The **National Energy & Utility Affordability Coalition (NEUAC)** is a broad-based, diverse coalition of advocates working together to reduce the financial burdens of utilities for vulnerable households. We accomplish this mission through education, advocacy, policy change, and partnerships.

NEUAC signature initiatives include:

- NEUAC Annual Conference, the largest gathering of utility assistance leaders for innovation, training, education, networking, and sharing common challenges and successes.
- LIHEAP Action Day, our annual gathering of advocates in Washington, D.C. to educate Congressional members and staff of the need for continued LIHEAP funding.

NEUAC members are organizations, and the benefits extend to all employees.
