From Our Membership

NEUAC's value is in its membership. The networking and relationship building opportunities are invaluable to securing resources for the vulnerable populations we serve.

My company has made incredible contacts that have improved the way we do business. We appreciate NEUAC for helping us make these connections.

Liz Brister, Entergy

Membership with NEUAC aligns perfectly with our purpose as a Community Action Agency in that we work in partnership to advocate for persons who otherwise would not have a voice.
