A woman with her hair in a bun is hugging a young girl from behind. They are in a bright, modern living room with a grey sofa and a large window in the background. The scene is warm and intimate.

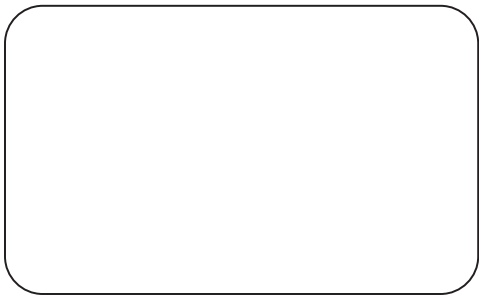

## LIHEAP keeps families safe and healthy.

LIHEAP helps families through initiatives that make energy more affordable, such as home energy bills, energy crises, and weatherization.

## More about LIHEAP...

LIHEAP helps people remain in their homes when the winter winds blow and the summer heat threatens the health and safety of those most vulnerable.

LIHEAP also can address dangers arising from a home's faulty or non-functioning heating and cooling systems.

If you support LIHEAP, **thank you!** If you would like additional information on LIHEAP in our state, please contact the organization(s) listed on this postcard.
