* U.S. Census Bureau. "Household Pulse Survey, Cycle 09."

** North Dakota reported households under Cooling Assistance, but assisted these with prior year funds and did not furnish an average benefit amount.

LIHEAP Fast Facts

The Low Income Home Energy Assistance Program (LIHEAP) provides crucial financial assistance to help low-income families afford energy costs.

Households Supported

Nearly 6 million households across the US received assistance from LIHEAP in 2023.

Weatherized Homes

More than 60,000 homes were weatherized with LIHEAP funds in 2023, making them more energy-efficient.

Disconnections Prevented

In 2023, LIHEAP prevented energy disconnections or reconnected households 2.75 million times.

Poverty Impact

In 2023, energy assistance helped lift 34,000 children and 68,000 older adults out of poverty.

LIHEAP Impact

LIHEAP plays a crucial role in helping income-constrained families afford energy costs, preventing disconnections, and improving energy efficiency, ultimately impacting poverty levels and enhancing the overall well-being and safety of vulnerable households.
