a vulnerable member

4.179

Households Served

with a child under 6

# **LIHEAP Fast Facts**

The Low Income Home Energy Assistance Program (LIHEAP) provides crucial financial assistance to help low-income families afford energy costs.

# Households Supported

Nearly 6 million households across the US received assistance from LIHEAP in 2023.

More than 60,000 homes were weatherized with LIHEAP funds in 2023, making them more energyefficient.

## Disconnections Prevented

In 2023, LIHEAP prevented energy disconnections or reconnected households 2.75 million times.

# 2.75 million

### Poverty Impact

In 2023, energy assistance helped lift 34,000 children and 68,000 older adults out of poverty.

LIHEAP plays a crucial role in helping income-constrained families afford energy costs, preventing disconnections, and improving energy efficiency, ultimately impacting poverty levels and enhancing the overall well-being and safety of vulnerable households.
